## Gary Metal Acquisition at Oak Ridge County Park

This project acquired approximately 8.6 acres of oak savanna and wetland adjacent to the 690 acre Oak Ridge Prairie County Park. These 8.6 acres are adjacent to the park's north central property line. The land that has been acquired has been untouched by the company since they purchased the property. The site's hydrology and the fact that it is wooded, has kept the company from developing it.

**RESULT:** Acquisition of 8.6 Acres at Oak Ridge County Park.
